Empathy

Empathy Maps

Inquiry Prompts

- Why should you care how other people feel?
- How can empathy change someone's behavior?
- How can not having empathy make a situation worse?

Instructions

The purpose of this activity is to have students practice being empathic by analyzing what a character may be thinking, feeling, doing, or saying in a sample scenario.

- Arrange students in small groups.
- 2 Hand out empathy maps to each student.
- 3 Hand a set of empathy prompts to each group.
- 4 Ask students to pick a prompt from the cards you just gave them. Each person in a group should pick a different prompt.
- 5 Have students fill out the empathy map, describing what the person may be experiencing in the scenario.
- 6 After students have had a chance to fill out their maps, ask for volunteers to explain their map.

Message for students: Understanding how someone else feels takes practice. The more you try it, the better you'll be at it!

Materials Required
