

Bring career professionals and insights to your students

With Opportunities in Xello, you can leverage your district's industry partnerships to organize guest speakers and career fairs in a snap.

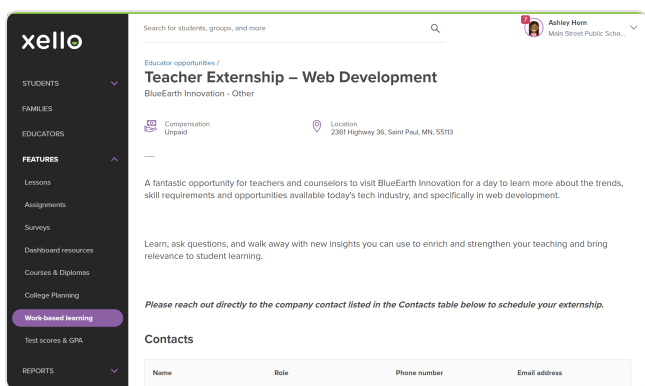

1 Navigate to Opportunities in Xello

Log in to your Xello account. Under **Features**, click **Work-based learning**. Then click on the **Educator opportunities** card.

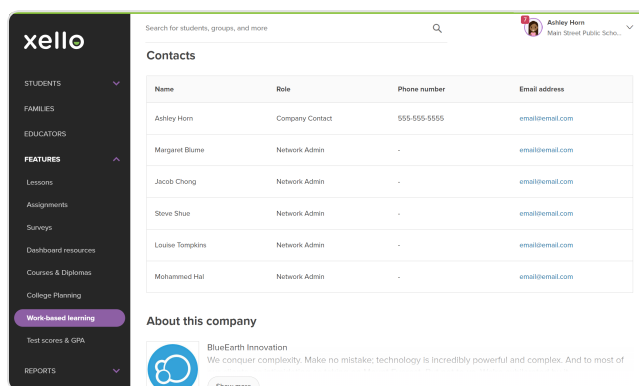

2 Explore available options

Review the list to explore opportunities that local companies are willing to offer educators at your district - from teacher externships to company tours, and more.

3 Review opportunity details

Click on an opportunity title to access a description and contact information for the company, as well as the administrator managing the WBL program in your district.

4 Coordinate with contacts

If you're interested in an opportunity, use the contact information to reach out to the company or your district's WBL administrator to coordinate next steps.
