

Take Your Career Exploration to the Next Level

Dive into Xello to learn more about local companies and find opportunities to gain real-world experience through job shadowing, work experience, internships, and more.

Explore local businesses

From the **Explore Options** page in Xello, click on the **Companies** card to learn more about businesses in your local community – you can filter your search by company name, city, or career.

Click on a company to learn more about what they do, the careers they hire for, contact information, and opportunities you might be interested in.

Find opportunities to grow

From the **Dashboard** page in Xello, click on the **Opportunities** link. You can quickly sort the list or use filters to find a good match based on things like career cluster, opportunity type, and location.

Click on an opportunity to get all the details – including what to expect, any requirements you must meet, location, and date(s).

Interested in an opportunity? Click the **Request** button to notify your school's Opportunity Coordinator.
