

Student dashboard

Xello's student dashboard includes links to program sections, clear next steps, and emphasis on educator created content. Here's an overview:

- 1 The top menu consists of links to the main program sections, search, and saved options.
- 2 **Lessons** are front and center with a clear progress indicator. As students complete a lesson, the next one is highlighted.
- 3 Quick links to key areas are easily accessible.
- 4 Students can select **Portfolios** to create their own or view samples for inspiration.
- 5 **Assignments** are prominent on the page, so students never miss them.
- 6 **Links & Resources** allow students to access any resources you have uploaded for them.
